Growing Up Asian in America Contest
Entry Title: Lead With Love

Dear Senator Harris,

My name is Kiana Aguilar. I am a second grader at Delaine Eastin Elementary in Union City, California. I am Filipino-American and have brown skin like you. I am happy that you are our new senator because you are a tough brown girl like me.

Donald Trump is our new president and that makes me worry about my friends. I am worried because I have lots of Mexican and Muslim friends and it seems like he doesn't respect them. I hope you will do your best to keep my friends and me safe.

I think everyone should be treated fairly and kindly no matter where they came from or what they look like. All children should be able to reach their goals and dreams no matter where they were born or how much money their family has. Please help keep our country together by making sure our laws are fair for all.

Sincerely,

Kiana Aguilar
